Do you work in clinical research?

Are you looking for a course to increase your knowledge and understanding of what GCP means for your practice? The key to working well in clinical trials is an understanding of the overall picture and why GCP is important to all parties; sponsors, sites, patients, ethics and Medsafe. In addition, the course covers the international perspective, including the FDA code of federal regulations, the European Directive, and how these impact on your studies.

Why the ACRP GCP Course?

- The internationally accredited course
- Recognised globally as gold standard
- Tailored for NZ under ACRP supervision
- High quality training & materials to use
